# Gold Horizons
## Spa & Pool Perfect

Key Features
- Reduces scum build-up and clogged filters
- Naturally biodegrades body oils and cosmetics
- Reduces chlorine odour
- Dual-action product for spas and pools

Gold Horizons Spa & Pool Perfect is a sanitiser tolerant enzyme designed to remove scum, body oils, cosmetics and other organic waste build-up.

### Application Instructions

1. Maintain pH level within the ideal range of 7.2 – 7.6. If not in this range, adjust.
2. Apply Gold Horizons Spa & Pool Perfect when sanitiser levels are relatively low (not exceeding 5mg/l). Do not apply Spa & Pool Perfect after shock dosing a hot tub or pool as the active enzymes may be destroyed.
3. Gradually pour the required dose of Spa & Pool Perfect into the water with the filtration 'on' to aid distribution.
4. In cases of extreme oil contamination, it may be necessary to repeat the 'Organic removal' dose after two days.
