

AquaSParkle

Instant FoamAway

Key Features

- Fast-acting, targeted foam removal
- Prevents and removes unsightly foam
- Apply directly to hot tub water

AquaSParkle Instant FoamAway has been especially formulated for targeted foam reduction in hot tubs.

Application Instructions

1. Shake the bottle before use.
2. Apply AquaSParkle Instant FoamAway sparingly, directly targeting the foaming on the water surface.
3. Always apply whilst the pump(s) are turned on to aid distribution.
4. Dose with care on windy days.
5. If foaming persists, contact your hot tub supplier for further advice.
